DETAILED ACTION

Allowable Subject Matter

1. Claims 1, 7, and 8 are allowed.
2. The following is an examiner's statement of reasons for allowance:

The independent claim 1 was allowed in the previous Office Action (mailed out August 23, 2005). The Applicant presented arguments in favor of allowance of the claim 7 and 8 according to the "Response" received November 22, 2005. With respect to the independent claim 7, the Applicant demonstrated to the Examiner's satisfaction that the 35 U.S.C. 103(a) rejection over the primary reference of Mizasawa et al. (5,270,990) is not correct since Mizasawa et al. fail to disclose the use of a plurality of minicolumns to image every point on a wafer located on a rotating turntable. With respect to the independent claim 7, Mizasawa et al., A.V. Crewe (4,760,567), as well as any other prior art, fail to disclose the use of a plurality of minicolumns to image every point on a wafer located on a rotating turntable.

Therefore, the independent claim 7 is allowed. The dependent claim 8 is allowed by virtue of its dependence upon claim 7.

Conclusion

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
